## One-of-a-kind textures

### Go with the grain

Chesterfield and Galveston with CertaGrain® feature a proprietary texturing process that delivers a true woodgrain texture — not just an embossed finish. CertaGrain provides an authentic, wood-like appearance you won't find on other vinyl fence products.

### Tasteful transitions

For the Chesterfield and New Lexington styles, our Swoop and S Curve sections offer a functional yet stylish way to change the height of your fence. Available in White and Tan, these sections are ideal for transitioning from low to high fence and provide an aesthetically appealing way to unify your fence installation.

## Leading the way in color and style

Bufftech sets the standard for the vinyl fence industry with an exciting array of colors and styles. The Bufftech privacy line offers our exclusive CertaGrain® authentic woodgrain texture and CertaStucco™ innovative stucco texture — plus an expansive color offering including unique, darker shades and semi-transparent stain blends that further enhance the look of real wood. Bufftech fence is designed to match CertainTeed's vinyl siding and trim products, so you can coordinate the color of your fence with your home's exterior.

With so many beautiful options to choose from, the design possibilities are virtually limitless!

### Easy-care living

Unlike wood, Bufftech fence won't rot, decay, warp, split or splinter. Best of all, Bufftech vinyl fence never needs painting or staining — giving you more time to spend enjoying your outdoor oasis.

### A smart choice for value

Looking for a privacy fence without all the bells and whistles? New Lexington offers dependable performance at an economical price, with features you'd expect to find on higher-end products. New Lexington includes Bufftech's signature "v" groove picket and Classic Curve rail design. The bottom rail is steel reinforced for added strength and durability.

### Worry-free stucco style

CertaStucco™ is Bufftech's innovative alternative to stucco walls. Designed to coordinate with a variety of wall surfaces and stucco styles, CertaStucco won't crumble, peel, chip, or crack due to settlement like traditional stucco walls.
