

WHAT TYPE OF CEDAR IS YOUR CONTRACTOR SPECIFYING?

CURRENT LUMBER OFFERING 2021

Viking Fence Select Board

Extended lead times

- 3/4" thick board or thicker (when available)
- Select tight knot means knot size is limited and sound. Both sides are graded to same standard – same beauty on both sides available in S1S2E (smooth 1 side, smooth 2 edges) – one rough side.
- 6" nominal widths only.
- Best picket on the market – Bar none!

Viking Fence Import Island Cedar

- New species that is gaining popularity
- Mostly available in 6' heights
- Grade is Tight Knot grade
- Kiln – Dried for added stability
- Great looking if stained
- We recommend installing on 3 rails
- Viking is the only company stocking a 3/4" version

Viking Fence Residential Grade

Extended lead times

- This grade meets most all common fencing standards.
- 3/4" Thick board. S1S2E or rough 4-sided.
- The milled side is the graded side. The reverse side may have characteristics approximately one grade lower than the face.
- A small percentage of knot holes will be present.
- Available in 4" and 6" nominal widths

Viking Fence #3 Rustic

- Lumber of this grade is suitable for economy grade fencing and permits all characteristics which do not interfere with use of the piece.
- Knot holes will be present.
- The key characteristic is functionality.
- The best value for residential & commercial.
